## EDUCATION

SRM Institute of Science and Technology
**B.Tech in Information Technology**

📅 2022      ♦ Modinagar , UP

- CGPA - 9.23

Army Public School
**CBSE 12th**

📅 2018      ♦ Noida,UP

- Percentage - 93.4

**CBSE 10th**

📅 2016      ♦ Noida,UP

- CGPA - 9.1

## SKILLS

**C , C++ , Java , Python, SQL**
**Data Structures and Algorithms**
**Machine Learning**
**Web Development**

## COURSES/CERTIFICATION

->PYTHON- DATA STRUCTURES AND ALGORITHM
**NPTEL- Elite Certification**

📅 September 2020 – DECEMBER 2020

->Technical Support Fundamentals
**Coursera**

📅 May 28, 2020

coursera.org/share/bc71d1edf2ed7a68683cbe47c5da94d9

->Web Development
**UDEMY**

HTML/CSS/BootStrap5/JAVASCRIPT/JQuery/NodeJS
->500+Data Structures Questions
**Geeksforgeeks**

📅 2020,November – 2021,September

auth.geeksforgeeks.org/user/kean/practice/

## HOBBIES

Football
Basketball
Competitive programming
MUSIC

## ACHIEVEMENTS

- First Position In E-Quiz Competition in 2nd Year
- Hackerrank Profile - hackerrank.com/anupdeka698
- 1705 Rating Competitive Programmer in Codechef - codechef.com/users/kean
- Achieved a 2nd position in ISTE Techno Challenge 2k21- hackerrank.com/contests/iste-techno-challenge-2021/leaderboard
- Achieved a Position in Top 100 young Natural Capitalists in INDIA in Natural Capital Olympiad

## PROJECTS

**Disaster Management (WINDOWS)(ANDROID)**

- Development of platform for dialling single emergency no SDC (Short digit code) or just pressing a button in mobile phone using any of the available mobile network, which will send the live location of the customer to a predetermined server which is to be integrated with the server meant for action program of Disaster management team.

Firebase | Java | XML | WPF | APIs

## INTERNSHIP

**Data Science**
**GRIP- The Sparks Foundation, Virtual**
**Oct 2020 - Nov 2020**

- Write codes to collect, crunch and analyze data from internal and external sources. Build and tune machine learning models using Python and sci-kit-learn. Create linkages between various data within business intelligence software to enable predictive modeling and trend analysis on a given dataset.

Data Science | Machine Learning
Python

## RESEARCH PAPERS

**Data Visualization**
**Definition and Interpretative Paper**
**Jan 2021**

- Different types of data visualization software and how data visualization helped in data management.

Data Science | Python
